

The Multi-Engine Add-On Rating

How to Fly Twins and what's the training like? What is the check ride like? What maneuvers do I need to do? What is the oral Q&A like? Where is the heater typically? What are accelerate Stop/Go distances? What happens if an engine quits? Can I climb? Can I maintain altitude? Can I land? What is affected when an engine quits? What is Vmc? All this and more. This seminar is aimed at the person needing a refresher on multi-engines or for the person looking to train for a multi-engine rating.

Directions: This seminar will be located in the Modern Avionics Hanger.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
